

\$10,000

scholarships could take your engineering career to great heights

Move your dreams forward.

The Manufacturers Life Insurance Company (Manulife Financial), underwriters of your life insurance plan, and Engineers Canada sponsor a scholarship program to help make those dreams a reality!

THREE \$10,000 SCHOLARSHIPS!

This program provides financial assistance to engineers returning to university for further study or research **in an engineering field. Candidates must be accepted or registered in a faculty of engineering, beginning their studies no later than September 2010.**

Application Deadline: March 1, 2010

For further information and an official application form, contact:
