

GENIVAR is one of the largest firms in Canada providing private and public sector clients with a full range of professional consulting services in the areas of engineering, project management and environmental management through all project phases, ranging from planning to commissioning. We now have over 4,800 employees working in more than 85 locations in Canada and overseas. Our clients operate in various market segments such as buildings, municipal infrastructure, transportation, industrial and energy as well as environmental.

GENIVAR is currently seeking to add an **Intermediate Project Engineer** in our Saint John office.

### **Key Responsibilities**

- Participate in the design of plans, preliminary estimations and details with the use of the guidelines for the projects relating to the field of Civil Engineering
- Establish design calculations and ensure plans correspond to the guidelines, the code prescriptions and other regulations.
- Establish and maintain relationships with clients in order to define their needs, explain technical information, concepts or study results.
- Produce statements of quantities and prepare budget assessment.
- Verify and complete request for proposals, estimates and other technical documents.
- Supervise the work of Technicians and Draftspersons appointed to the project.
- Assist the project manager when help is needed.
- Perform all other related tasks that will help complete the project.

### **Qualifications**

- Bachelor degree in Civil Engineering or all other equivalent training.
- 5 to 15 years relevant experience in the design of Municipal Infrastructure
- Hold an engineer's license from the order of APEGNB.
- Experience in engineering consulting will be considered an asset
- Good initiative, attention to details.
- Ability to work in a team environment.
- Excellent verbal and written communication skills.

### **Your total compensation package will include:**

- A salary range based on experience
- A flexible benefits package that fits your needs, including Health, Dental, Flex Account, STD, LTD and Life Insurance
- Contribute to your RRSP with a company matching program
- The ability to be a part of the GENIVAR stock purchase program
- Vacation based on your years of experience
