

**Wabush Mines
Mine Engineer
Wabush, NL
Reference #8177**

CLIFFS NATURAL RESOURCES INC.
Wabush Mines
PO Box 3000, Wabush, NL, A0R 1B0

Cliffs Natural Resources is an international mining and natural resources company, a member of the S&P 500 Index, and the largest producer of iron ore pellets in North America. Wabush Mines, Cliff's flag-ship Canadian operation, is located in western Labrador. With approximately 700 employees, Wabush Mines operates a mine and concentrator in Wabush, NL and a pelletizing plant in Pointe Noire, QC.

Wabush Mines has an immediate opening for a **Mine Geologist** at its open pit and ore dressing complex in Wabush, Labrador.

Reporting directly to the Area Manager – Mine, the Mine Geologist will be responsible for ore grading, communication of ore blending changes and performance to the concentrator, and liaising with the process lab to ensure the quality of core samples. Other key activities for this role include updating drawings using AutoCAD and Vulcan and conducting analysis as necessary.

The ideal candidate has a degree in Geology, Geoscience, or related field, combined with a minimum of 2 years experience in a similar position. The Mine Geologist will have strong communication skills and a proven ability to work both independently and as part of a team. Experience with AutoCAD and Vulcan systems is considered an asset.

Don't miss this opportunity to join a dynamic team and impact an international company. Please apply online at <http://jobs.kbrs.ca/Careers/9391/> or for more information, contact Julie Gorman at 709.722.6810.
